

KT090

Staffa Completa (DX)

Applicabile a:
Adana

Materiale:
Nylon

Complete rt-hand plastic sheave

Suitable for:
Adana

Materiale:
Nylon

Poulie complete' droite en plastique

Applicable sur:
Adana

Materiale:
Nylon

KT100

Staffa Completa (SX)

Applicabile a:
Adana

Materiale:
Nylon

Complete st-hand plastic sheave

Suitable for:
Adana

Materiale:
Nylon

Poulie complete' droite en plastique

Applicable sur:
Adana

Materiale:
Nylon

SL010

Registro binario posteriore

Applicabile a:
Adana

Materiale:
Acciaio inox aisi 304

Rear guide register

Suitable for:
Adana

Materiale:
A 304 Stainless steel

Registre guide laterale

Applicable sur:
Adana

Materiale:
Inox aisi 304

SL012N

Registro binario posteriore

Applicabile a:
Adana

Materiale:
Nylon

Rear guide register

Suitable for:
Adana

Materiale:
Nylon

Registre guide laterale

Applicable sur:
Adana

Materiale:
Nylon

SL020

Staffa porta carrucola

Applicabile a:
Adana

Materiale:
Acciaio inox aisi 304

Pulley holder bracket

Suitable for:
Adana

Materiale:
A 304 stainless steel

Bride de support poulie

Applicable sur:
Adana

Materiale:
Inox aisi 304

SL020N

Staffa porta carrucola

Pulley holder bracket

**Bride de support
poulie**

Applicabile a:
Adana

Suitable for:
Adana

Applicable sur:
Adana

Materiale:
Nylon

Materiale:
Nylon

Materiale:
Nylon

SL030

**Registro carrucola
posteriore**

Rear pulley's register

**Registre poulie
posterieure**

Applicabile a:
Adana

Suitable for:
Adana

Applicable sur:
Adana

Materiale:
Acciaio inox aisi 304

Materiale:
A 304 stainless steel

Materiale:
Inox aisi 304

SL030N

**Registro carrucola
posteriore**

Rear pulley's register

**Registre poulie
posterieure**

Applicabile a:
Adana

Suitable for:
Adana

Applicable sur:
Adana

Materiale:
Nylon

Materiale:
Nylon

Materiale:
Nylon

SL040

Registro carrucola anteriore

Applicabile a:
Adana

Materiale:
Acciaio inox aisi 304

Front pulley's register

Suitable for:
Adana

Materiale:
A 304 stainless steel

Registre poulie anterieure

Applicable sur:
Adana

Materiale:
Inox aisi 304

SL040N

Registro carrucola anteriore

Applicabile a:
Adana

Materiale:
Nylon

Front pulley's register

Suitable for:
Adana

Materiale:
Nylon

Registre poulie anterieure

Applicable sur:
Adana

Materiale:
Nylon

SL050N

Rampa guida posteriore

Applicabile a:
Adana

Materiale:
Nylon

Rear guide bracket

Suitable for:
Adana

Materiale:
Nylon

Bride guide laterale

Applicable sur:
Adana

Materiale:
Nylon

SL051

**Staffa guida
posteriore (DX)**

Applicabile a:
Adana

Materiale:
Nylon

**Rear guide bracket
(Dx)**

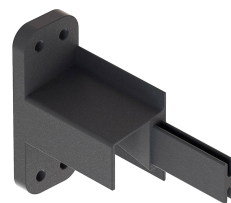

Suitable for:
Adana

Materiale:
Nylon

**Bride guide laterale
(Dx)**

Applicable sur:
Adana

Materiale:
Nylon

SL052

**Staffa guida
posteriore (Sx)**

Applicabile a:
Adana

Materiale:
Nylon

**Rear guide bracket
(Sx)**

Suitable for:
Adana

Materiale:
Nylon

**Bride guide laterale
(Sx)**

Applicable sur:
Adana

Materiale:
Nylon

SL061N

**Registro chiusura
anteriore**

Applicabile a:
Adana

Materiale:
Nylon

**Front lower closure
register**

Suitable for:
Adana

Materiale:
Nylon

**Registre de
fermeture anterieure**

Applicable sur:
Adana

Materiale:
Nylon

SL062N

Registro chiusura anteriore

Applicabile a:
Adana

Materiale:
Nylon

Front lower closure register

Suitable for:
Adana

Materiale:
Nylon

Registre de fermeture anterieure

Applicable sur:
Adana

Materiale:
Nylon

SL070

Blocco porta scorrevole

Applicabile a:
Serie Elba - Panarea - Adana

Materiale:
Acciaio inox aisi 304

Front lower closure hook

Suitable for:
Elba - Panarea - Adana sieres

Materiale:
A 304 Stainless steel

Crochet de fermeture inferieure anterieure

Applicable sur:
Serie Elba - Panarea - Adana

Materiale:
Inox aisi 304

SL070N

Blocco porta scorrevole

Applicabile a:
Adana

Materiale:
PVC

Front lower closure hook

Suitable for:
Adana

Materiale:
PVC

Crochet de fermeture inferieure anterieure

Applicable sur:
Adana

Materiale:
PVC

SL080

Kit volantino eccentrico superiore

Applicabile a:
Scorrevoli A.C.

Materiale:
Acciaio inox aisi 304

Upper eccentric clamp

Suitable for:
Controlled atmosphere sliding doors

Materiale:
A 304 Stainless steel

Verrou excentrique superieur

Applicable sur:
Portes coulissantes pour atm. controlée

Materiale:
inox aisi 304

SL090

Kit volantino laterale

Applicabile a:
Scorrevoli A.C.

Materiale:
Acciaio inox aisi 304

Lateral eccentric clamp

Suitable for:
Controlled atmosphere sliding doors

Materiale:
A 304 Stainless steel

Verrou excentrique laterale

Applicable sur:
Portes coulissantes pour atm. controlée

Materiale:
inox aisi 304

SL096

Maniglia sportello AC

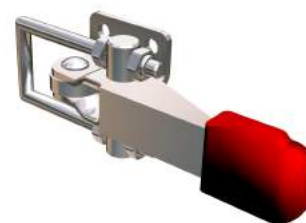

Applicabile a:
Porta scorrevole AC

CA Hact handle

Suitable for:
CA sliding door

Polignée pour portillon porte AC

Applicable sur:
Porte coulissante pour AC

SL097

**Riscontro maniglia
sportello AC**

Applicabile a:
Porta scorrevole AC

Materiale:
Acciaio inox aisi 304

**CA hacth Handle
striker**

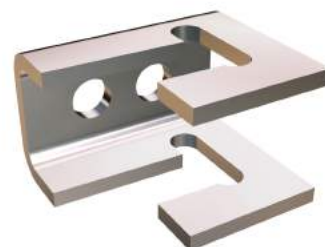

Suitable for:
CA sliding doors

Materiale:
A 304 Stainless steel

**Contre plaque
poignée pour
portillon porte AC**

Applicable sur:
Porte coulissante pour
AC

Materiale:
Inox aisi 304

SL100

**Scatola aggancio
volantino eccentrico
in AC**

Applicabile a:
Scorrecole A.C.

Materiale:
Acciaio inox aisi 304

**Eccentric clamp
striker**

Suitable for:
Controlled atmosphere
sliding doors

Materiale:
A 304 Stainless steel

**Boite d'accrochage
du verrou excentrique**

Applicable sur:
Portes coulissantes
pour atm. contrôlée

Materiale:
Inox aisi 304

SL111

Maniglia interna

Applicabile a:

Adana

Internal handle

Suitable for:

Adana

Poignée interieure

Applicable sur:

Adana

SL112

Maniglia interna

Applicabile a:

Adana STN7

Internal handle

Suitable for:

Adana STN7

Poignée interieur

Applicable sur:

Adana STN7

SL130N/DX

Maniglia esterna

Applicabile a:

STN/9-SBT/9 - Adana

Materiale: Nylon/Acciaio inox aisi 304

External handle

Suitable for:

STN/9-SBT/9 - Adana

Materiale: Nylon/A 304 Stainless steel

Poignee exterieure

Applicable sur:

STN/9-SBT/9 - Adana

Materiale: Nylon/Inox aisi 304

SL130N/SX

Maniglia esterna

Applicabile a:

STN/9-SBT/9 - Adana

Materiale: Nylon/Acciaio inox aisi 304

External handle

Suitable for:

STN/9-SBT/9 - Adana

Materiale: Nylon/A 304 Stainless steel

Poignee exterieure

Applicable sur:

STN/9-SBT/9 - Adana

Materiale: Nylon/Inox aisi 304

SL140N/DX

Maniglia esterna

Applicabile a:

SBT/12-STN/12 - Adana

Materiale: Nylon/Acciaio inox aisi 304

External handle

Suitable for:

SBT/12-STN/12 - Adana

Materiale: Nylon/A 304 Stainless steel

Poignee exterieure

Applicable sur:

SBT/12-STN/12 - Adana

Materiale: Nylon/Inox aisi 304

SL140N/SX

Maniglia esterna

Applicabile a:

SBT/12-STN/12 - Adana

Materiale: Nylon/Acciaio inox aisi 304

External handle

Suitable for:

SBT/12-STN/12 - Adana

Materiale: Nylon/A 304 stainless steel

Poignée extérieure

Applicable sur:

SBT/12-STN/12 - Adana

Materiale: Nylon/Inox aisi 304

SL150N/DX

Arresto per maniglia esterna DX porta scorrevole

Applicabile a:

STN9/12-SBT9/12

Adana

Materiale:

Nylon

RH Sliding door external handle stop

Suitable for:

STN9/12-SBT9/12

Adana

Materiale:

Nylon

Arrêt de poignées ext. droite pour porte coulissante

Applicable sur:

STN9/12-SBT9/12

Adana

Materiale:

Nylon

SL150N/SX

Arresto per maniglia esterna SX porte scorrevoli

Applicabile a:
STN9/12-SBT9/12
Adana

Materiale:
Nylon

LH sliding door external handle stop

Suitable for:
STN9/12-SBT9/12
Adana

Materiale:
Nylon

Arrêt de poignées ext. gauche pour porte coulissante

Applicable sur:
STN9/12-SBT9/12
Adana

Materiale:
Nylon

SL180/DX

Rampa di discesa destra

Applicabile a:
Adana

Materiale:
Nylon

RH track ramp

Suitable for:
Adana

Materiale:
Nylon

Rampe du rail droit

Applicable sur:
Adana

Materiale:
Nylon

SL180/SX

Rampa a discesa sinistra

Applicabile a:
Adana

Materiale:
Nylon

LH track ramp

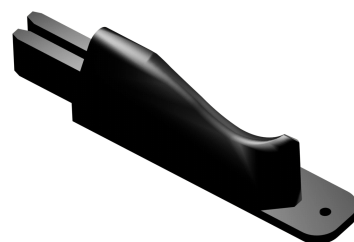

Suitable for:
Adana

Materiale:
Nylon

Rampe du rail gauche

Applicable sur:
Adana

Materiale:
Nylon

SL190

**Copertura terminale
binario posteriore
(DX o SX)**

Applicabile a:
Adana

Materiale:
Nylon

**RH or LH rear guide
cap**

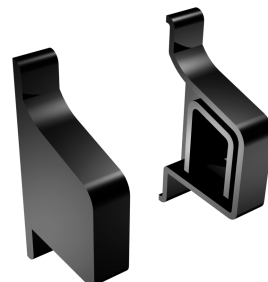

Suitable for:
Adana

Materiale:
Nylon

**Tampon de la guide
laterale (droite ou
gauche)**

Applicable sur:
Adana

Materiale:
Nylon

SL191

**Tappo Binario
Posteriore (Dx)**

Applicabile a:
Adana

Materiale:
Nylon

Rear Track cap (Dx)

Suitable for:
Adana

Materiale:
Nylon

**Rail bouchon
anterieure (Dx)**

Applicable sur:
Adana

Materiale:
Nylon

SL192

**Tappo Binario
Posteriore (Sx)**

Applicabile a:
Adana

Materiale:
Nylon

Rear Track cap (Sx)

Suitable for:
Adana

Materiale:
Nylon

**Rail bouchon
anterieure (Sx)**

Applicable sur:
Adana

Materiale:
Nylon

SL200

**Copertura terminale
binario superiore (DX
o SX)**

Applicabile a:
Adana

Materiale:
Nylon

**Track cover head
(RH or LH)**

Suitable for:
Adana

Materiale:
Nylon

**Tete de cache-rail
(droite ou gauche)**

Applicable sur:
Adana

Materiale:
Nylon

SL210N

**Riscontro maniglia
esterna**

Applicabile a:
Adana

Materiale:
Nylon

**External handle
striker**

Suitable for:
Adana

Materiale:
Nylon

**Contre plaque
poignee exterieure**

Applicable sur:
Adana

Materiale:
Nylon

SL220

**Perno filettato a testa
quadra completo di
dado e rondella**

Applicabile a:
Adana - Djerba

Materiale:
Nylon

**Square head
threaded bolt
provided with nut**

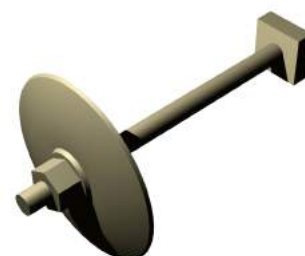

Suitable for:
Adana - Djerba

Materiale:
Nylon

**Tige filetee a tete
carrée avec ecrou et
rondelle**

Applicable sur:
Adana - Djerba

Materiale:
Nylon

SL230

**Carrucola completa
di asse, dadi e grani**

Applicabile a:
Adana

Materiale:
Nylon + acciaio zincato

**Pulley's wheel
completed with axel
nuts and grabscrews**

Suitable for:
Adana

Materiale:
Nylon + galvanized steel

**Roue de poulie
complete de axe,
ecrou et grains**

Applicable sur:
Adana

Materiale:
Nylon + acier galvanisé

SL250N

**Slitta distanziale
battente-telaio**

Applicabile a:
Adana

Materiale:
ABS

**Frame/blade wedge
spacer**

Suitable for:
Adana

Materiale:
ABS

**Coin entretoise
bati/vantail**

Applicable sur:
Adana

Materiale:
ABS

SL340

**Fine corsa porta
scorrevole**

Applicabile a:
Adana

Materiale:
Alluminio

Colore:
Nero

Opening limit stop

Suitable for:
Adana

Materiale:
Aluminum

Colore:
Black

**Arret de course en
ouverture**

Applicable sur:
Adana

Materiale:
Aluminium

Colore:
Noir

SL341

Fine corsa guida

Applicabile a:
Adana

Materiale:
Acciaio inox aisi 304

Opening limit stop

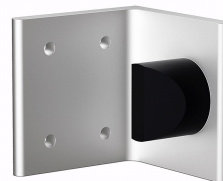

Suitable for:
Adana

Materiale:
A 304 stainless steel

**Arret de course en
ouverture**

Applicable sur:
Adana

Materiale:
Inox aisi 304

SL351

Maniglia passante spess. mm. 70

Applicabile a:
Adana

Level handle int. + ext. sp.70

Suitable for:
Adana

Poignée exterieur/interieur mm. 70

Applicable sur:
Adana

SL352

Maniglia passante spess. mm. 90

Applicabile a:

Adana

External/internal handle mm. 90

Suitable for:

Adana

Poignée extérieur/intérieur mm. 90

Applicable sur:

Adana

SL361

Maniglia passante spess. mm. 120

Applicabile a:

Adana

External/internal handle mm. 120

Suitable for:

Adana

Poignée exterieur/interieur mm. 120

Applicable sur:

Adana

SL390

Serratura a chiave per porta scorrevole

Applicabile a:

Adana

Colore: Grigio

Lock device for sliding door

Suitable for:

Adana

Colore: Grey

Serrure à clé pour porte coulissante

Applicable sur:

Adana

Colore: gris

HI050

Cerniera

Applicabile a:

Va eVieni serie Lipari

Materiale: Composito

Hinge

Suitable for:

To and fro door Lipari series

Materiale: Composite

Charniere

Applicable sur:

Va et Vient serie Lipari

Materiale: Composite

HI060/DX

Cerniera (DX)

Applicabile a:

Tipo Ufficio serie Cipro

Materiale:

Nylon

(RH) hinge

Suitable for:

Service Door Cipro series

Materiale:

Nylon

Charniere (droite)

Applicable sur:

Porte de Service serie Cipro

Materiale:

Nylon

HI060/SX

Cerniera (SX)

Applicabile a:

Tipo Ufficio serie Cipro

Materiale:

Nylon

(LH) hinge

Suitable for:

Service Door Cipro series

Materiale:

Nylon

Charniere (gauche)

Applicable sur:

Porte de Service serie Cipro

Materiale:

Nylon

HI090

Chiusura

Applicabile a:

Tipo Ufficio serie Cipro

Materiale:

Composito

Closure

Suitable for:

Service Door Cipro series

Materiale:

Composite

Fermature

Applicable sur:

Porte de Service serie Cipro

Materiale:

Composite

HI150

Oblò in lexan dim. 300 x 450 h.

Applicabile a:

LIPARI-CIPRO

Materiale: Lexan

300x450 mm Oval lexan porthole

Suitable for:

LIPARI-CIPRO

Materiale: Lexan

Oculus oval 300x450 mm en lexan

Applicable sur:

LIPARI-CIPRO

Materiale: Lexan

HI160

**Kit manig. est.+int.+tirant. con serrat.
Tkh70mm.**

Applicabile a:

Djerba

Materiale: composito

**Kit ext.+int. handle+access. with key Tkh
70 mm.**

Suitable for:

Djerba

Materiale: Composite

**Kit poignée ext.+int.+access. avec clé
Tkh 70 mm.**

Applicable sur:

Djerba

Materiale: Composite

HI170

**Cerniera reversibile a
rampa Tkh 70 mm.**

Applicabile a:

Djerba

Materiale:
Nylon

**Reversible hinge at
ramp Tkh 70 mm.**

Suitable for:

Djerba

Materiale:
Nylon

**Charnière réversible
à rampe Tkh 70 mm.**

Applicable sur:

Djerba

Materiale:
Nylon

HI180

Kit manig. est.+int.+tirant. con serrat. Tkh 90mm.

Applicabile a:

Djerba

Materiale: composito

Kit ext.+int. handle+access. with key Tkh 90 mm.

Suitable for:

Djerba

Materiale: Composite

Kit poignée ext.+int.+access. avec clé Tkh 90 mm.

Applicable sur:

Djerba

Materiale: Composite

HI190

Cerniera reversibile a rampa Tkh 90 mm.

Applicabile a:

Djerba

Materiale:
Nylon

Reversible hinge at ramp Tkh 90 mm.

Suitable for:

Djerba

Materiale:
Nylon

Charnière réversible à rampe Tkh 90 mm.

Applicable sur:

Djerba

Materiale:
Nylon

FL130

**Rotolo PVc polare
mm. 200x2**

Applicabile a:
TS/200 serie Alicudi

Materiale:
PVC polare

Colore:
blue

**200x2 mm "polar"
PVC roll**

Suitable for:
TS/200 Alicudi series

Materiale:
mm.200x2 Polar PVC

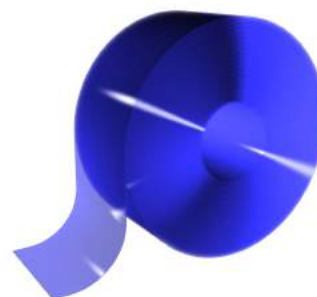

Colore:
Blue

**Rouleau de PVC
"Polaire" mm.200x2**

Applicable sur:
TS/200 serie Alicudi

Materiale:
PVC polaire

Colore:
blue

FL140

Supporto

Applicabile a:
TS/200 serie Alicudi

Materiale:
Acciaio inox aisi 304

Holding profile

Suitable for:
TS/200 Alicudi series

Materiale:
Stainless steel aisi 304

Support

Applicable sur:
TS/200 serie Alicudi

Materiale:
Inox aisi 304

FL141

Supporto

Applicabile a:

TS/200 serie Alicudi

Materiale: Composito

Holding profile

Suitable for:

TS/200 Alicudi series

Materiale: Composite

Support

Applicable sur:

TS/200 serie Alicudi

Materiale: Composite

FL150

**Piastra interna/esterna di fissaggio striscia
PVC**

Applicabile a:

TS/200 serie Alicudi

Materiale: Acciaio inox aisi 304

PVC stripe internal/external fixing clamps

Suitable for:

TS/200 Alicudi series

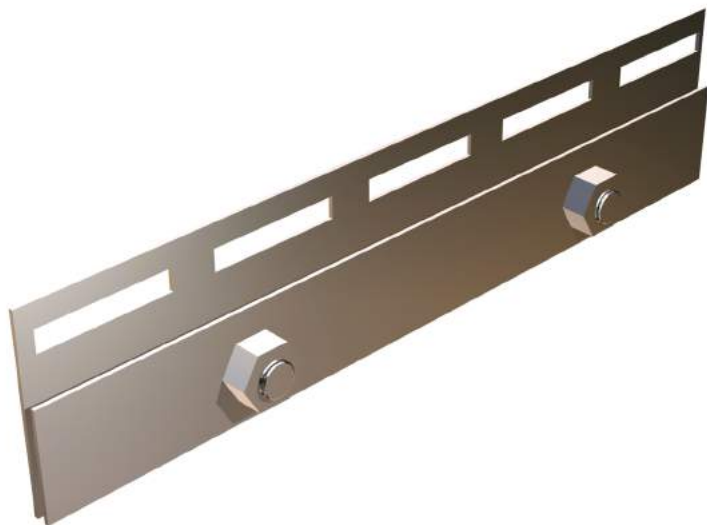

Materiale: Stainless steel aisi 304

Contre plaque de fixation lanière en PVC

Applicable sur:

TS/200 serie Alicudi

Materiale: Inox aisi 304

AL011

Profilo bordo battente da mm. 70

Applicabile a:

Adana e Djerba

Materiale: Alluminio

Finitura: Ossidato

Colore: Silver

70 mm. blade edge profil

Suitable for:

Adana and Djerba

Materiale: Aluminum

Finitura: Anodized
